Conditions:

We recommend additional goods should be retained to allow for wastage and repairs as the same batch may not be available at a future date.

Nominal sizes and indicated; actual sizes can and will vary between batches/suppliers. If mixing tiles, compatibility should be confirmed prior to purchase.

There may be variations in shade and size between the sample and the delivered goods (and between one batch of goods and another) due to the manufacturing process by which tiles are produced. Variation in shade and size is not a defect.

Whilst we may assist with and advise you in the selection of goods, it is your responsibility to ensure that the goods are suitable for the purpose you are using them for and that they comply with relevant regulations and specific requirements.

The customer acknowledges that:

- They do not rely in any way on us in relation to the use, fixing, installation or incorporation of the goods.
- We have no responsibility for the works of any trades person in installation of the goods, whether or not we may have recommended a trades person to you.

The customer is responsible for checking the tiles prior to installation. Any claims must be made before the goods have been laid or installed. Installation and laying of goods constitutes acceptance of the goods. No claims can be made by you against us and we will not be liable to anyone once goods are laid or installed.
